Re: NOTICE OF EX PARTE COMMUNICATION
WT Docket No. 10-4

Dear Ms. Dortch:

On May 11, 2010, Joe Banos of Wilson Electronics, Inc. ("Wilson"), John Haddow of Policy Impact Communications, Matt Waldrup of Action First, and the undersigned met with Commissioner Mignon Clyburn and her legal advisor, Louis Peraertz. The purpose of the meeting was to discuss Wilson's proposal that the Commission adopt heightened standards for the certification of signal boosters for subscriber use on wireless telecommunications service networks.

We discussed Wilson, the capabilities of its signal boosters, and other matters addressed in Wilson's petition for rulemaking and in its reply comments in WT Docket No. 10-4. We also discussed the substantial Congressional and public support for the continued use of signal boosters by subscribers to ensure reliable wireless service. Commissioner Clyburn and Mr. Peraertz were given the attached handouts.

The undersigned argued that the Commission's current rules and regulations do not prohibit a subscriber in good standing from using a signal booster without licensee consent. We also discussed in general terms the Enforcement Bureau's position on the use of signal boosters as reflected in the warning letter it issued to One Call Now in Case No. EB-09-DT-0375.

A copy of this letter is being filed in WT Docket No. 10-4 via ECFS. Should any
